

2019 Onsite Employee Health Clinics Summit

The Leading Forum on Building & Expanding Onsite Health Clinics – Incorporating Strategies that Reduce Costs, Ensure Employee Satisfaction and Positively Impact Patient Behavior

January 28 – 29, 2019 • Hilton Scottsdale Resort & Villas • Scottsdale, AZ

Overview

We are currently at a crucial point in time for corporate healthcare – employers are operating in a political and economic situation that has considerably evolved. Building and expanding onsite employee health clinics has become an imperative in enabling employers to offer competitive benefits, control costs, and provide quality healthcare to employees. Moreover, employers must redefine their corporate healthcare strategy, and innovation will be key to success!

The opportunities and challenges facing onsite health clinics have drastically changed over the past year. Healthcare reform has made its way to center stage on all matters related to healthcare, and onsite employee health clinics are no exception. Employers are aggressively seeking innovative means to cut back on corporate healthcare costs, and onsite employee health clinics have proven to be an effective way to significantly reduce those healthcare costs, and ultimately, have a positive impact on the company's bottom line.

By attending the 2019 Onsite Employee Health Clinics Summit, you will learn what it takes to build and streamline facilities that meet innovative visions for healthcare and wellness. You will also learn the benefits associated with expanding current onsite health facilities. Furthermore, you will walk away with practical solutions to operate a cost-effective healthcare program while providing quality healthcare.

Workshop Session

Monday, January 28, 2019 • 6:00 p.m. – 7:30 p.m.

Driving Innovation and Integration: How to Develop and/or Maintain an Onsite Health Center with Excellence

This workshop will address best practices to determine the feasibility of a new on-site health center and/or evaluate the performance of an existing on-site health center. Spanning the financial to the cultural, we will discuss key factors and processes that ensure an on-site health center is structured to most effectively drive utilization. We will address the concepts of return and value on investment to help identify how to measure and maximize results.

Finally, with the fundamental understanding that engagement drives results, we will discuss how to best create social environments both within and outside the on-site health center that promote health and drive engagement.

About the Workshop Leader:

Erin Eason is the *National Director of Onsite Clinic Consulting Services* within at **CBIZ, Inc.** Erin joined CBIZ in 2013 as a consultant for onsite clinic services. She brings her unique clinical, operational and technical experience to the role. Erin assists clients in assessing the feasibility of implementing an onsite clinic through detailed data analysis. Leveraging her knowledge of healthcare trends and requirements, she makes recommendations regarding vendor selection. Throughout the implementation process, Erin utilizes her extensive ambulatory experience to ensure the goals of employers and the best

interest of employees and their families are represented to create a quality, cost-effective environment of health and wellness.
